

# What Makes Our 1000 Islands So Scenic?

Do you live in the 1000 Islands?  
Have you visited and vacationed in this area?  
Then you already have an idea of what makes it so *scenic*.

Sharing your ideas and opinions about the visual beauty of the Thousand Islands Region can help this region be awarded the distinction ***Scenic Area of Statewide Significance (SASS)*** by the State of New York, joining only two other areas in the State that hold that honor.

***Beginning JULY 1st, 2014...***

Please go to the website: ***scenic1000islands.com*** to learn about the project that is being undertaken by the municipalities along the river from Morristown to Cape Vincent and ***TAKE the "PUBLIC PARTICIPATION SURVEY"***.

It is a short survey that asks you to rate photographs taken in the 1000 Islands. Your opinions are invaluable and your answers will become part of the record that will describe the *scenic* features of our region.

**This is your chance to help make the special SASS distinction a reality!**

*"The 1000 Islands area is our precious, scenic resource - our favorite place on Earth.*

*It is special to us and deserves special recognition by our State to preserve its uniqueness - now and for generations to come."*
